## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1, 2 and 5-12 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record either singularly or in combination failed to anticipate or render obvious the limitations of preheating said semiconductor wafer and said thin flexible film without applying any external pressure to partially cure said thin flexible film, thereby forming adhesion between said thin flexible film and said semiconductor wafer as required by claims 1 and 12. In the examiners opinion, it would not have been obvious to preheat the film in the primary reference of Umehara without applying any external pressure as required by Applicants since Umehara requires a thermo compression bonding process for partially curing the film.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Angel Roman whose telephone number is (703) 306-0207. The examiner can normally be reached on Monday-Friday 8:30am-6:00pm.
